RESEARCH INTERESTS

Exoplanetary systems, protoplanetary disks, planet formation, multi-wavelength disk observations, disk modelling, disk chemistry.

EMPLOYMENT

University of Michigan

Research Fellow

Advisor: Prof. Edwin Bergin

Ann Arbor, US

Oct. 2026-

EDUCATION

University of Leicester

Ph.D., Astronomy

Advisor: Prof. Richard Alexander

Leicester, UK

Sept. 2022- Sept. 2026

Leiden University

M.Sc. (cum laude), Astronomy

Advisor: Dr. Nienke van der Marel

Leiden, Netherlands

Sept. 2019- Aug.2022

Jilin University

B.Sc., Physics and LL.B., Law

Jilin, China

Sept. 2015 -Jun. 2019

SCHOLARSHIPS & AWARDS

- Student award from the Great Britain China Educational Trust ([charity no.269944](#)) 2026
- DAAD Research Grant 2026
 - Competitive 6-month grant supporting independent research.
- Leicester Future 100 Studentship *Sept. 2022-Mar. 2026*
- Leiden International Tuition Fee Waiver 2020-2022
- Dean's Scholarship 2019
 - the highest honour for undergraduates at the Department of Physics, JLU
- Outstanding Undergraduate Thesis Award 2019
- Outstanding Graduate in Jilin University 2019
- University Scholarship 2016-2019

ACADEMIC ACTIVITIES

Research visits

- Research visit to MPA @Heidelberg, Germany (Host: Prof. Myriam Benisty) *Jan.-Jun., 2026*
- Kavli Summer Program in Astrophysics 2025 @VA, US *Jun.-Aug., 2025*
- Secondment to SUNY, Stony Brook @NY, US (Host: Prof. Phil Armitage) *Apr.-Jul., 2024*
- Summer Student at ASIAA @Taipei *Jul.-Aug., 2019*
- Summer Student at Shanghai Astronomical Observatory @Shanghai, China *Jul. 2017&2018*

Summer/Winter schools

- Global Astrochemistry Lecture Series (GALS) 2025 ([Online](#)) Feb.–Apr., 2025
- EXOHOST Summer School @Tartu, Estonia Sept., 2024
- DUSTBUSTERS Winter School II @Lyon, France Jan., 2024
- Disc and Planet Formation Summer School @Beijing, China (virtual) Jul., 2022
- The 4th SKA Summer School @Shanghai, China Jul. 2018

MENTORING & OUTREACH

- Mentored **5** secondary school and undergraduate students from diverse backgrounds on astronomy projects.
- Advised and supported **10+** undergraduate students in preparing graduate school applications.
- Coordinated and contributed to the EN-CN translation of the citizen science project Radio Galaxy Zoo: LOFAR on Zooniverse, expanding accessibility to Chinese-speaking participants. 
- Shared my experience as a female astronomer at 2 secondary schools in a developing country to inspire younger students, particularly girls, to pursue STEM.
- Shared 15+ worldwide fellowship opportunities for early-career researchers on Chinese social media, generating over 2,300 likes, saves, and shares.
- Compiled astronomy-related summer programs for *high-school students* worldwide. 
- Built a tool to assess colour-scheme accessibility for people with colour vision deficiencies and distinguishability in B&W print. 

SKILLS & LANGUAGES

- **Programming&tools:**
 - Languages: PYTHON, FORTRAN, C, HTML&CSS
 - Professional tools/packages: DustPy, CASA, RADMC-3D, ProDiMo, astropy, FARGO3D
- **Languages:** English (Professional); Mandarin (Native)
